# Story

Unbeknownst to him, Dante is one of the few who is able slip between the vale of dimensions losing his memory in the process. In his sleep he awakens in the world of chaos. He befriends the twin scavengers Virn and Jill and together they search for the one wise and powerful enough to answer his most burning questions “What am I? Who am I? Why do I exist? ” They eventually infiltrate the world of order seeking information only to discover a morally bankrupt vacation resort run by enslaved angels. The group meets a young angel name Beatrice who quickly becomes enamored by Dante, despite his aloofness. They take her with them as the team escapes the world of order and return to chaos to continue the search. During Dante’s travels he meets many denisons of the Chaos world and helps them with various problems. He also is forced to face harsh environments, strange creatures, and the nefarious puppets of sin.

A Thing

By E.T. Robinson

DON'T TOUCH THAT!

What is it?

The background is a deep blue gradient, transitioning from a darker blue at the top to a lighter, almost purple-blue at the bottom. Scattered throughout the upper portion are numerous small, white, star-like specks. In the lower portion, there are dark, stylized silhouettes of people with their arms raised in the air, suggesting a crowd or a group of people celebrating or protesting. The overall mood is dramatic and contemplative.

The End?
